and contribute today!**

Regulatory Issues

**GETTING THE LEAD OUT**

A new law designed to protect children from lead could shutter small businesses, thrift retailers (including some large charities) and public libraries, as well as limiting the availability of consumer goods for children, says H. Sterling Burnett, a senior fellow with the NCPA...

NATIONAL CENTER FOR POLICY ANALYSIS

Global Warming

**WAXMAN-MARKEY BILL WOULD RAISE ELECTRICITY  
PRICES \$846 BILLION**

Government likes cap-and-trade because it is a hidden, or indirect, tax for which industry, rather than Congress or the president, will get the blame when energy prices rise, says Drew Thornley, an adjunct scholar with the National Center for Policy Analysis...

Global Warming

**GLOBAL WARMING: OUR BEST GUESS IS LIKELY  
WRONG**

**About the DPD**

NCPA's Daily Policy Digest brings you the most wide-ranging public policy findings five times a week at no charge. DPD knows your time is valuable, so we find and summarize the most topical public policy issues from today's newspapers, magazines, websites, government reports, scholarly journals and think tanks.

State and Local Issues

**CALIFORNIA VS. TEXAS: AMERICA'S FUTURE**

California's high taxes, coupled with intrusive regulation of business and greenery taken to silly extremes, have gradually strangled what was once America's most dynamic state economy, say observers...

THE ECONOMIST

Minimum Wage

**MANDATING UNEMPLOYMENT: CONGRESS PREPARES TO KILL MORE JOBS**

July's minimum wage hike will kill about 300,000 jobs for those between the ages of 16-24 and hurt the earning power of single working mothers, say observers...

WALL STREET JOURNAL

International Issues

**THE COST OF LOW FERTILITY IN EUROPE**

In the long run, low rates of fertility are associated with diminished economic growth, say researchers...
